1	20210630	Brake Disc - Lifter(?)	June 30, 2021 - See what was done in the Wheel bay and check if it can be used in the PM.				
			Aug 4, 2021 - Weigh the lifter and see if we can get an engine hoist.				
			2023-07-20 - EHS to review the procedure and forward it to Scott to review, the procedure				
			is to be enrolled at both sites.				
			2024-01-18 - The overhead crane will be used for outer platforms at the PM, for the center				
			platform, we are looking at procuring a more reliable lift to use at the center platform. For the time being, a risk assessment is to be created for using the engine hoist.		97		
			2024-02-29 - Still pending on EHS to create RA, also a proper lifting device is being investigated to be used if there is no overhead crane.				
			2024-07-18 - Send it to Sergio for review & control				
			2024-09-19 - Check with PM team before next JHSC meeting				
			2024-10-17 - Check with PM team before next JHSC meeting & check with Sergio if its	,			
			2025-03-20 - Check with Segio on the comments				
			2025-04-17 - Redesign the Brake Disc lifter				
			2025-05-15 - Start using the lifters in the PM, check on the procedure for it.		5		
			2025-06-19 - Waiting for the modification to be done on the lifter and review procedure				
			2025-07-24 - Waiting for the modification to be done on the lifter and review procedure				
			2025-08-21 - Still waiting on Prime Machine to complete the Mods				
			2025-09-25 - No updates yet	Coott / Dulin			
			2025-05-25 - NO upuates yet	Scott / Prime Machine
